

PRESS RELEASE

FROM: Fiona Bruce MP for Congleton Constituency

DATE: 6th May 2011

Friends of Sandbach Park Need Your Help

The role of this newly formed Group is to support the Park Development Plan and work with Park Staff and other voluntary organisations to enhance the use and appearance of the Park for all age groups.

A number of projects are being planned – some involve gardening and tidying up of the sensory garden: re-painting and treating of the park benches and carrying out litter picks after busy weekend activities in the Park. A longer term project is also being planned involved the pond and wetland areas.

The Friends of Sandbach Park therefore need your help!

They need ‘hands-on’ volunteers, who would be willing from time to time to help in the Park with projects or to help with fundraising.

The Park is a vital community asset used not only by Sandbach people but also by many visitors to our historic market town.

Fiona Bruce MP said:

‘Once again the people of Sandbach are showing not only pride in this beautiful town, but that they are willing to roll up their sleeves and make it even more so – brilliant!’

As a community MP, I look forward to working with them’.

Speaking on behalf of the Friends of Sandbach Park, Volunteer Coordinator, Mike Benson said:

'We are rolling up our sleeves during May to tidy up the sensory garden, refurbish the benches and give Sandbach some TLC – all welcome!'
